### BUSINESS

**Approve Minutes** – Because there was some concern as to whether everyone had received minutes, the approval of the February and March minutes was tabled until next month.

**General Ordinance15-2014** – Tony Foster introduced himself and explained he was here to take comments and questions about the proposed ordinance. Tony explained the Unsafe Building review process. After lengthy general discussion of possible preservation commission concerns with the ordinance, it was the commission's consensus that Tony would email what he felt represented the discussion from today's meeting so the commission could vote on it.

**Mothball Ordinance** – Bruce offered to email the commission the "moth ball" standards of the state building code for the commission's consideration.

The meeting adjourned at 6:15
